Warranty & Support Information

Manufacturer warranty, paid repair and owner-support paths.

Warranty

• Keep proof of purchase and serial information.

• Document symptoms clearly.

• Final manufacturer eligibility is determined under the applicable policy.

Paid service

• Non-covered failures can be evaluated for a paid estimate.

• Approve the estimate before repair proceeds.

Support

• Use YUFixit training, preventive support and repair-status tools throughout ownership.

Owner note: These guides are designed to support the owner journey and do not replace the current aircraft manual, manufacturer policy, carrier rules, or applicable aviation requirements.
